FEAR TEARS HEART OF RELLING EMPIRE

Baltic Fleet In Hands of Insurgents, Is Reported.

NOW PREPARING FOR ATTACK

1,500 Sailors Quartered at Fortress Are Imprisoned, as Their Loyalty Was Mistrusted—Burlieff Hastens to Helsingfors.

St. Petersburg, Aug. 2.—8:10 p. m.—It is rumored that the emperor and the entire imperial family have fled from Peterhoff to the Tsarsko-Selo castle.

St. Petersburg, Aug. 3.—According to reports received here this morning the Baltic sea fleet has mutinied and four of the battleships, manned by insurgents, are roaming at large in the gulf of Finland.

The commandant at Cronstadt has been notified to prepare for an attack.

The 1500 sailors composing the Seventh equipage, quartered at Cronstadt, whose loyalty had been distrusted, have been made prisoners.

The correspondent saw them looking through the windows of their barracks, and unable to communicate with the outside world.

The streets of Cronstadt are swarming with troops of the loyal guard regiments and the newly arrived men of the Twenty-fourth division, who serve to overawe the disaffected elements.

If Cronstadt were attacked before reinforcements arrive it could offer but feeble resistance, as practically all the men stationed at the fortress have been disarmed, the carbines being hidden away.

Helsingfors, Finland, Wednesday, Aug. 1.—When a correspondent of the Associated Press arrived this morning from St. Petersburg, the situation was practically unchanged. The mutinous militiamen were still holding out, aided by the regmen: of sappers and miners which had joined them in the mutiny.

Throughout the day an artillery battle was fought between the north and south batteries of the main island of Sveaborg. From a place of vantage the correspondent was able to see shells occasionally strike the barracks and fortifications, causing fires to start up.

The mutineers at that time seemed to have the upper hand and the Russian commander was forced to flee with 2,000 loyal infantry to the furthermost part of the southern section of the town of Sveaborg, where he was holding out.

The Sveaborg fortress is composed of seven islands, of which Sandham island is the center. Half of Sveaborg, with half of Sandham island, were in the hands of the mutineers with the government forces commanding the other halves of Sandham and Sveaborg islands and the whole of Langhorn, Nicholai and Harafki Isles.

The permanent fortifications on Sveaborg island were badly damaged by the shell fire exchange dbetween the combatants. It is claimed that the troops on Haraki island, the nearest to this place, could silence the guns of the mutineers, but the soldiers refused to fire on their comrades.

The mutinous artillerymen were well fortified, not only being able to hold their position, but seemingly having the upper hand and the large 11-inch guns in the hands of the government forces did not seem to have the slightest effect on the earthworks held by the mutineers, though the stone and brick fortifications suffered considerably.

The correspondent saw a charge of government infitnary on Sveaborg island repulsed by the mutineers. The infantry succeeded in creeping up to to a spot near the Russian church, keeping well out of sight and finally they made a rush at the position held by the mutinous soldiers. But the attacking party was met by the fire of machine guns, and they at once broke and fled, leaving many dead and wounded on the ground.

Not infrequently shells went over Helsingfors and many bullets fell in the town, resulting in several persons being wounded.

Reinforcements of government troops arrived here this morning, consisting of two companies of the Finnish regiment from St. Petersburg.

In conversation with a member of the regiment of sappers and miners here, the correspondent learned that this was not the first trouble in the rigment, but was the sequel of many smaller disturbances.

The sappers and miners on several previous occasions had refused to obey orders of their officers. The government commanders expect to be able to assemble troops tonight on a small peninsular near the fortifications occupied by the mutineers on Sandham island, and make an effort to cross the channel and take the mutineers in front and rear. The latter have but little food left and if they do not succeed in replenishing their supplies soon, they will be unable to hold out.

At this writing the firing of big guns announces that the struggle, after a short interval of cessation, has recommenced.

Great excitement prevails here.

American Troops Deserting.

San Francisco, Aug. 3.—Reports are being received by the military authorities at the Presidio of the frequent desertion of troops stationed at American Lake in Washington, the summer military camp where several regiments of national guard and regulars are stationed for instruction. The most notable instance of this is in company I, of the Twenty-second infantry. At present only seven men and officers are left to carry the name of the company. When the Twenty-second infantry went into the camp, 65 men answered to roll call in company I. Since then 58 of the soldiers have deserted and crossed the border to Canada, 60 miles away, where there are no extradition laws to cover desertion.

Neat Increase at Postoffice.

Atlanta, Aug. 3.—Nearly ten thousand more, to be exact, $9,685.39, were the Atlanta postoffice receipts for the month of July, ending Tuesday last over the corresponding time during 1905. It was late Wednesday night when Postmaster Blodgett completed his report of the work transacted in the Atlanta postoffice during the month of July, 1906. That report showed that the Atlanta postoffice receipts for July, 1906, were $60,739.24. During the same month of 1905, the total receipts were $51,053.85, the difference being $9,685.39 in favor of 1906 over 1905, or an increase of 18.9 per cent.

No Authority to Release Nobleman.

Asheville, N. C., Aug. 3.—Chief of Police Bernard when shown the Associated Press dispatch from Portland, Me., relative to the arrest of Lord Douglas, for alleged bigamy, stated that he has no authority to order the release of the British nobleman in jail in that city. He said the authorities at Portland should release him on their own responsibility if they are certain of his identity. The chief further stated that he had not as yet received any message from Portland concerning the detention of the genuine Lord Douglas.

Enters Suit for $100,000.

New York, Aug. 3.—Hobart S. Bird, who once published a newspaper in San Juan, Porto Rico, has sued eight of the highest American officials on the island, including the present governor and his predecessor, for $100,000 damages in the supreme court in Brooklyn. Bird charges them with having wrecked his paper, ruined his reputation, and forced him out of the island. Bird is now practicing law in this city.

Prominent Politician Drops Dead.

Nashville, Aug. 3.—Hon. James H. McKenzie, state railroad commissioner and one of the best known Democrats in Tennessee, dropped dead at his home in Lebanon, Tenn., Thursday. Mr. McKenzie was United States marshal under Cleveland.

Sturgis Nominated for Congress.

Keyser, W. Va., Aug. 3.—The West Virginia Republican club at Keyser nominated George Sturgis for congress by acclamation.

STATE ROAD NEEDED FOR FAIR RATES

Long Lease Would Take Rights From People.

IT WILL BE A VIRTUAL SALE

Senator Candler, of Thirty Fourth District, Declares that All Railroads Run Into the Den of J. P. Morgan. Made a Strong Speech.

Atlanta, Aug. 3.—In one of the strongest speeches heard on the senate floor in a number of years, Senator Murphy Candler, of the thirty fourth district Wednesday portrayed how the railroad systems in Georgia have been holding the people in their grasp for many years. The remarks of Senator Candler were made during the debate on the long lease bill of Senator McHenry, which was made a continuing order from Tuesday's session. Senator West also spoke favoring the bill. No vote was reached and the bill came up Thursday.

Senator Candler spoke scathingly against the state road to pass into the hands of a railroad corporation for 99 years, during which time he said that the claim on the road would not only pass out of the hands of the people now, but that for generations the citizens of the state would have to stand idly by and receive a small rental for the road which at the end of the lease would be worth a sum in estimable.

"We need this road," exclaimed Senator Candler, "to combat with the exorbitant, excessive and unjust discriminations of other roads in the state. It is now thirteen years before the present lease expires. If we now give another lease for 99 years it will be 2118 before the people of this state can say what shall be done with the property.

"The lease of this road will amount to nothing else than a virtual sale and it will become allied with the other systems which are dominating the freedom of our people.

"The Central, the Southern, the Seaboard Air Line, and the Atlantic Coast Line railroads are the great systems of Georgia.

"But the Southern, Atlantic Coast Line and Seaboard, indirectly by their ownership in the N., C. & St. L., and the L. & N., the present lessees of the Western and Atlantic go to make up one great system.

"This system is owned and operated by eight men in New York, controlled by James Pierpont Morgan.

"These roads all run into the den of J. Pierpont Morgan, in Wall street. That is why I am not surprised when the advocates of the bill say that there is only one bidder for the state road.

"I do not think that we should take the fate of a road away from unborn generations, when the forefathers have by their struggles endowed them with a birthright which was born in great travail.

"In one hundred and twelve years from now, I believe that there will be a population of 15,000,000 people in Georgia. They could contribute more to the road than could the rental of $60,000 a month for 99 years.

"This road is the gateway to the great distributing points of the west. We must keep it to control and curb the excessive freight rates now being practiced by the railroads. It is nothing but right for us to hold the last battleax with which we can operate against the powers which threaten to dominate us.

"Railroads, after all, are only public highways. They are operated for the rights of the people. The people have a right to take these roads whenever they see fit and reimburse the men who have established them.

"I do not say that I favor government ownership of railroads, but my friends, the control of roads by the government is ten years nearer than it was some time ago. I believe that in not many years we will see the roads operated by the powers of the state or the government.

"I say that by the year 2018, when the 112 year lease of this road would have expired, the roads of our country will be operated by our people."

At the conclusion of Senator Candler's able speech, President West, who had spoken in favor of the bill Tuesday, again took the floor.

"I ask the question," said President West, "if we shall build to the seaboard, can we afford to own and operate a great steamship line to form our connections?

"I almost the day when this government shall approach centralized despotism by owning public utilities."

Will Bar Out All Contagion.

Savannah, Ga., Aug. 3.—The Savannah sanitary board has instructed Dr. W. F. Brunner, city health officer, to take steps to bar out of the city here after all cases of infectious or contagious diseases. The matter was brought up on the statement that Savannah was getting something of a black eye in the United States government statistics relating to these sorts of diseases from the fact that numbers of these cases are brought to the city for treatment and the patients die here. This state of affairs is especially true in connection with typhoid fever. It is shown that Savannah is accredited with having eight deaths from typhoid fever last year, whereas but one of the cases originated in this city.

Decatur Bank Is Organized.

Decatur, Ga., Aug. 3.—Fifteen or twenty citizens of Decatur have formed a banking company which will operate what is to be known as the Bank of Decatur, and work will be commenced on the building within 30 days. The stock already been put in the capital stock is $25,000. The board of directors of the banking house are W. H. Weekes, president; J. A. Montgomery, P. L. Weekes, F. E. Treadwell, Fletcher Peacock and Thomas C. Mason. The subscription list will be kept open for five days, but no one person will be allowed to take over $500 worth of stock.

Governor Cummins Renominated.

Des Moines, Iowa, Aug. 3.—Governor A. B. Cummins has been renominated by the Republicans of Iowa. There were three names placed before the convention, those of the governor, George B. Perkins and S. W. Rathbun. The ballot resulted as follows: Cummins, 933; Perkins, 603 and Rathbun, 194. The anticipated "row" in the convention did not materialize. Cummins, as he had claimed all along, controlling a majority of the delegates. His friends controlled everything.

Drank Poisoned Whisky.

Jacksonville, Fla., Aug. 3.—Thomas Callaway and Fred Walters, hostlers at a livery stable here, are suffering intense agony and are in a dying condition from drinking whisky given to them by Arthur Kine, hostler at an opposing stable. Kine has been arrested and sent to jail without bail to await results. Investigations shows that a large quantity of croton oil mixed with the whisky. What prompted the deed is not known.

Subpoenas for Oil Employes.

New York, Aug. 3.—Word was received here Wednesday from Chicago that forty or more subpoenas for officers and employes of the Standard Oil company had been forwarded from that city in a registered package last Monday. The advice from Chicago did not give the names of all those whose presence is considered desirable by the special officials in charge of the rebating investigations.

Three Killed on Track.

Minden, La., Aug. 3.—Three men, two brothers named Gibson and J. Jenkins, while asleep on the track of the Louisiana and Arkansas railroad, near this place, were struck by a train and all three fatally injured. The engineer did not see the men until it was too late to prevent the accident.

World's Trotting Record Broken.

Detroit, Aug. 3.—At the Ardmore Driving club on the Eagle track, E. B. Bryan, a gelding trotter, broke the world's record for a half mile track. The time was 4.59. The best previous record was 5.16, held by Dongola Boy.

COLLAPSE OF MUTINY CHANGES SITUATION

Spirits of Government Officials Have Risen.

REVOLUTIONISTS DEPRESSED

Plans for a General Strike Saturday May Be Countermanded—Strike in Finland Already a Complete Failure and Changes Situation.

St. Petersburg, Aug. 3.—The collapse of the mutiny at Sveaborg, coupled with the breakdown of the plans of the revolutionists to secure possession of the Baltic squadron and provoke an immediate rising at Cronstadt, greatly changes the situation. The spirits of the government officials have risen, and those of the revolutionists are correspondingly depressed and plans for a general strike on Saturday may be countermanded. The strike in Finland is already a failure owing to the fact that the most intelligent of the Finns did not support it as they realized that placing themselves at the head of a purely Russian revolutionary movement, they might justly reprisals and jeopardize their newly granted liberties.

The latest reports show that all the rumors to the effect that the Baltic squadron was in the hands of the mutineers were untrue. When the mutineers who were led by agitators from the shore and who believed that the squadron was coming to rescue, found that hope in that direction was crushed, dissensions broke out among them and they turned their guns upon each other. Those who had determined to die rather than surrender fired into the ranks of their more faint-hearted who had hoisted the white flag.

Speedy Murder Trial.

Tampa, Fla., Aug. 2.—The speediest murder trial on record in Florida began Wednesday at Fort Myers, Lee county, Judge Wall calling a special meeting of the grand jury to investigate the killing of Robert Carson, a prominent young man, by J. Newton Edwards, also well known, which occurred only ten days ago. The jury returned an indictment of murder in the first degree Wednesday afternoon and the trial of Edwards immediately began. Edwards' council pleading insanity. Great excitement attends the trial and feeling is strong against Edwards and a crowd surrounded the courthouse. The theory of the prosecution is that Edwards mistook Carson for Jesse Grantham, against whom he had made threats and shot him down without warning.

Child Labor Bill a Law.

Atlanta, Aug. 3.—The child labor bill has become a law. The measure which passed both houses of the general assembly, was signed by Governor Terrell Wednesday morning. The official signature of the chief executive was affixed by a brand new pen. The pen was sent as a gift to Mrs. J. Lindsay Johnson, of Rome, who has been one of the most earnest and untiring advocates of freedom of child employes in factories in the state. The court of appeals bill was signed by the governor Tuesday afternoon. The bill is to be ratified by the people at the election in October.

Four Feudists Are Killed.

Louisville, Ky., Aug. 3.—The Post has received a dispatch from Sam Lack, Knott county, saying four men were killed there Wednesday night in a fight between the Martin and the Hall factions. No names are given. Those factions have been at war for some time and the authorities have been trying, unsuccessfully, to end the trouble. The Martin faction is said to number 60 men.

First Sale at Savannah, Ga.

Savannah, Ga., Aug. 3.—The first sale of Georgia cotton of the present season arrived here Wednesday morning from Albany and will be sold at public auction in front of the cotton exchange. Compared with former seasons, the sale is several days [illegible]

FINE COMMITTEE FOR VALDOSTA

Cotton Growers Select Fine Men to Attend Georgia Meeting.

ALL ARE PRACTICAL MEN

Those Who Are Not Planters Buy the Staple, and Will Go and Study Their Interests in Common—Convention Will be Held on August 30 and 31.

The Alachua County Cotton Growers' Association are determined to keep abreast of the times when it comes to planting and growing cotton of the Sea Island variety.

At a meeting of the cotton growers' association, which assumed the nature of a big barbecue and picnic at Burnett's Lake on August 1, the subject of the planting, culture and harvesting of cotton was discussed freely, with the result that a committee was appointed to attend the convention of the Sea Island Cotton Growers' Association, which will be held in Valdosta, Ga., on the 30th and 31st inst. The following is the committee, all of whom are growers or buyers, are well up in the Sea Island cotton industry, and whose interests are mutual:

C. D. Wood, Archer; C. W. Stephens, L. N. Pearce, J. E. Williams, James Chesnut and E. B. Lewis, Alachua; James May, Wacahoota; V. H. Ellis, Bland; T. A. Doke, Montercha; J. D. McFadden, Traxler; A. E. Summers and Jeff Terry, High Springs; T. J. Price, Wade; John G. Dampier, Hague; C. C. Drummond and A. E. Colson, Trenton.

The committee as reported above will attend this convention, and will receive valuable instructions in the matter of cultivating and marketing Sea Island cotton which will probably prove a great benefit to many growers in this section.

Alachua county is one of the most fertile counties in the Sea Island cotton belt, and the industry has been carried on here to a large extent. The growers are more puzzled now over the marketing of the crop than they are in cultivating it, and it is believed this Georgia convention will give them new ideas in this direction.

SENSATIONAL TESTIMONY GIVEN

At Investigation of Charges Against Association Officers.

Atlanta, Aug. 3.—At the investigation of charges made by Representative Anderson, of Savannah, against officers of the Southern Cotton association, the most sensational evidence was given last Wednesday afternoon by Holland Curran, an employe in a brokers' company in the city.

Mr. Curran got angry, he said, at the manner in which Secretary Richard Cheatham acted, and he proceeded to tell "all he knew" about Mr. Cheatham's speculation in cotton.

At one juncture, Mr. Cheatham contradicted Mr. Curran and the latter remarked that he "would see the gentleman later out in the street."

Mr. Anderson made his statement in the morning and after he had done so he proceeded to line up his witnesses, the most important of whom was W. R. Fagan, local manager of a brokers' firm.

The room, which was an office of the Southern Cotton association, was well filled all day. The committee was bent upon getting through as quickly as possible without stirring up the investigation, and three sessions were held Wednesday, just enough time being given for meals. The room was close and the committee, along with the spectators and reporters, were very much jaded and worn.

The gist of the investigation was that Mr. Cheatham admitted buying cotton futures, he claimed the purchases were made for a friend. Mr. Fairchild admitted he had bought stock in a bucket shop and claimed he was not a salaried officer of the association.

Composer Awarded Damages.

Rome, Aug. 3.—A court of appeals has awarded Pietro Mascagni, the composer, damages against the Rossini Lyseum, the musical conservatory at Pesaro, for having deprived him of the directorship of the lyseum in the summer of 1902 in consequence of his having undertaken a concert tour in the United States.

Lithographers Strike.

New York, Aug. 3.—About 500 employes of the lithographic establishments of this city struck Thursday to enforce a demand for a reduction in their working hours from 53 to 48 per week. The strike affects several thousand men throughout the country.

GAMBLERS' LUCK.

A Joke Which Brought a Fortune to Its Innocent Victim.

Having lost every cent of his ready money at the gaming tables, an English visitor at Monte Carlo wired a pathetic appeal for help to a friend in England. Two days later he received a letter addressed in the friend's handwriting which on being opened revealed a five pound note.

Without pausing to read the letter, the plunger hastened to Ciro's, the famous restaurant in the Galerie Charles III., and changed his "fiver" into French money. From Ciro's he went straight into the Casino, where, experiencing an extraordinary run of luck, he not merely retrieved all his previous losses, but gained a substantial increase in the bargain.

Weary of play, he retired with a few cronies to Ciro's again to celebrate the occasion. The usually genial M. Ciro met him at the door of his establishment with a flood of reproaches and upbraidings. The five pound note was bad! He waved it angrily in the plunger's face—mais oui, it was false, this five pound note!

The plunger took the guilty "fiver" and scrutinized it carefully. It was one of the sham bank notes issued by Sir Augustus Harris and bore on its face an advertisement of the Drury Lane pantomime. The English friend, himself as "broke" as the Monte Carlo plunger, had posted him the flagrantly worthless note as a joke—a joke which had the plunger taken the trouble to examine the "fiver" or read its covering letter he would have seen only too clearly himself. It was fortunate that he did not do so. He merely paid Ciro his £5 and, inviting the pacified restaurateur to share in the champagne, pretended that the whole affair was an intentional witticism.

The conceit of a croupier, who fondly imagined that he understood the English language, was instrumental in presenting another and far less experienced Britisher with 1,000 francs. This gentleman, handing a 1,000 franc billet to the croupier in question, asked for plaques in exchange for it. Plaques are the large five louis gold pieces peculiar to Monaco. The croupier, fancying that the player had said "black" and was requesting him to place the note on the "black" compartment of the cloth, did so unobserved. Black duly turned up, and the croupier politely handed 2,000 francs to the surprised Britisher.—Ward Muir in Chambers' Journal.

Inaugurates Summer Lectures.

Cambridge, Eng., Aug. 3.—Ambassador Whitelaw Reid Thursday inaugurated the course of summer lectures at the university with an address on "The rise and development of the United States."

Power, unless managed with gentleness and discretion, does but make man the more hated. No intervals of good humor, no starts of bounty, will atone for tyranny and oppression.—Jeremy Collier.

FINGER FELONS.

There Are Three Varieties of These Very Painful Sores.

A felon, or whitlow, is an inflammation of the hand or finger, usually of the last joint of the finger. Its importance varies with the seat of it—that is to say, with the portion of the finger involved. It may affect the skin only, the tendons or sinews or the fibrous covering of the bone—the periosteum.

A superficial whitlow, where the inflammation is confined to the skin, may be extremely painful, but otherwise it is not a very serious matter. But this cannot be said of the other two forms.

In the tendinous whitlow pus forms in the fibrous sheath surrounding the tendon, and unless the inflammation quickly subsides or the matter is let out by the surgeon's knife the pus may burrow down through the sheath into the palm of the hand and result in a permanent crippling of the member.

The third variety—called by physicians the subperiosteal—is that in which matter forms beneath the membrane which covers the bone. As this membrane is tough and inelastic the tension due to the increasing volume of matter becomes very great and gives rise to a throbbing, maddening pain. The relief afforded by a deep cut into this inflamed finger, right down to the bone, is magical, although the cut hurts. This is the only treatment for this form of felon, and the incision should be made early, for if it is too long delayed the bone will be killed and a discharging sore will remain which will later necessitate a surgical operation even if it does not result in the loss of the last joint of the finger.

The superficial whitlow does not usually call for such radical treatment. A clay poultice often affords great relief. This may be made by making a paste of clay previously sterilized by baking in a very hot oven and adding glycerin to prevent too rapid drying, or the clay may be obtained ready prepared in the drug store. This protects the finger from injury, keeps it cool and, if applied early enough, may prevent the formation of matter. When once pus has formed, however, no matter what the variety of the felon, the safest plan of treatment is to cut into the inflamed finger and give exit to the confined matter and relieve the tension of the parts.—Youth's Companion.

CARE OF CANARIES.

A piece of cuttle bone is needed always, and now and then a lump of sugar.

Guard the cage from draft, from exposure to cold at night and also from too much heat.

Canary seed principally should be given, though now and then a little rape seed is beneficial.

Do not use a painted cage. The bird will peck the cage more or less, and the paint thus imbibed is very injurious.

The larger the cage the better it is for the birds, and if not new it should be scalded and well dried before putting them into it.

Avoid frightening the birds in any way. It is very easy to have them know you and welcome your coming, but they do not like to be handled.

The cage should be thoroughly cleaned every morning, placing a piece of clean brown paper, not newspaper, on the bottom. Perches should also be washed daily.

The Best Weight Guessers.

Butchers are the world's best weight guessers. The butcher's difficult trade gives him a skill in weight guessing that is almost incredible. It is a commonplace thing in a meat shop to see a butcher seize hold of a huge red round of beef and slash off with a great knife four pounds just, or two and a half pounds just, or six pounds just, according to the order. The buyer of meat wants to get the weight he asked for, no more and no less, and he wants this weight in one piece, not in one big piece and two or three little ones. To satisfy the buyer the butcher has been compelled to acquire extraordinary skill in judging just how much a certain portion of a round of meat weighs and in cutting off that portion smoothly and accurately.—Cincinnati Enquirer.

BLIND MAN RAN A BLIND TIGER

Edward Niles Convicted of Selling Whiskey Without License.

A WELL KNOWN CHARACTER

Has Been for Years Engaged in Playing an Accordeon Upon the Street Corners, Receiving Pubic Donations. City Fine Was Very Light.

When a blind man gets down to a point where he is pulled for conducting a "blind tiger," that may be determined the limit.

But such is the case in Gainesville. Edward Niles, a negro whose name and face is familiar with everybody in the city, by reason of the fact that he sits on the corners and produces music from an old accordeon which was out of tune before Noah went into the ark, to judge by its discord, and rakes in the shekels, was arrested by Marshal Pinkoson at a late hour Thursday night upon a charge which had been made by neighbors. These neighbors declared that he kept people under the influence of whiskey to such an extent that it was almost impossible and very disagreeable to stay in the community. They would "tank up" on Niles' cheap booze and continue their boisterous and disorderly habits until early in the morning, making life a monotony and misery about the section.

Marshal Pinkoson went to the home of Niles, who resides on N. Sixth street, where he found Niles taking a rest on his piazza. He accused Niles of keeping liquor for sale, when the latter naturally denied the charge. Officer Pinkoson, however, went into the house, where he found a two-gallon jug partially empty and several bottles, which had been filled for delivery, so the officer believes.

Niles was taken before the mayor, where several witnesses testified of having bought whiskey from him.

Inasmuch as Niles was afflicted by blindness, he was relieved of a heavy fine, the sentence being only $15 and costs. It is probable that the county and State will take the matter up.

GUARDS ARE IN CAMP.

Will Be Trained by Officers Before Going Into Regular Camp.

The Gainesville Guards, who expect to leave Monday for the annual encampment in Tampa, went into camp on the Beville lot, West Main street S., Friday night, and will remain there for two days under direction of Captain Layton and Lieutenants Blanding and Graham. The company expects to take to camp about forty-five men, well drilled, and will probably bring back the honors of State troops.

The Guards expect to make their departure on the noon train Monday for Tampa.

Broome-Finley Nuptials.

Invitations have been issued announcing the approaching marriage of Col. William Stringfellow Broome and Miss Mary Meigs Finley, two well known and popular young people of this city, who are to be united at Holy Trinity Episcopal Church in this city on Wednesday, August 15, at 12 o'clock noon. The ceremony will be performed by Rev. Francis H. Craighill, pastor of the church.

The list of invitations has been limited to those friends residing outside of the city. There will be formal invitations sent out in Gainesville, and friends of the contracting parties may consider themselves invited.

Mr. and Mrs. Broome expect to make their departure immediately after the ceremony for Lexington, Va. After a couple of weeks spent there they will return to points in North Carolina, where they will spend a month or six weeks, returning to Gainesville about October 1st.

The contracting parties are both well known and popular here, and friends will extend congratulations in advance.

J. J. Finley Chapter.

J. J. Finley Chapter, United Daughters of the Confederacy, held an interesting meeting at the home of the first vice-president, Mrs. J. D. Stringfellow, Thursday afternoon, which was largely attended.

After the regular routine of business had been disposed of, the discussion of a subject for an essay for which the medal is given, was opened. It was decided to take as a subject "The Life and Character of General Wade Hampton."

Notwithstanding that a large membership of this chapter are out of the city on their annual vacation, a great deal of interest is being manifested by those here.

And Still They Wed.

Marrying seems to be a popular fad nowadays, but its a mighty good habit to get into.

There have been several marriages in Gainesville and North Gainesville recently, and, if rumor has it correct, there are more to come. While no invitations have been issued, it is an open secret that there will be another wedding in North Gainesville on Sunday, the 12th inst., the contracting parties being prominent and well known young people. All arrangements are being made, and no denial by those who will be most directly affected has been made.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine for those troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

A BAD MAN IS HE.

George Thomas, Alias Alabama Kid, Keeps Regularly in Trouble.

Deputy Sheriff J. H. Granger arrived in the city Friday with George Thomas, alias "Alabama Kid," who has been serving three months in the phosphate mines at Lee upon a charge of beating an account.

Thomas was sent up from a justice court in this county. In the meantime, while he was serving his sentence in the mines, it was discovered that he was wanted in Calhoun county for the larceny of a horse, and Officer Granger took charge of the prisoner immediately upon his release from the phosphate mines. He will be taken to the authorities of Calhoun county today.

Julia Gaines, a colored woman who was convicted in Justice Caswell's court at Alachua upon a charge of larceny, was turned over to Sheriff Fennell. The woman was assessed a fine of $50 and costs, in default of the payment of which she was sentenced to three months in the "gang." She was taken to the mines Friday.

He Had No License.

Deputy Sheriff James Lumpkin arrived in the city Friday with George Fletcher, a white man for whom a warrant was issued in Putnam county upon a charge of doing business without a license.

Officer Lumpkin, who resides at Orange Heights, arrested the man after he had left the confines of Putnam county, but he had a description of the party, and took him into custody from this description.

It is claimed that Fletcher had been peddling patent medicines in Putnam county without the required license. He was taken to Palatka yesterday.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

No new pictures of Mrs. Harry Thaw have been discovered for three days.

An Ohio girl went to jail rather than tell her age. Not so frank as Mrs. Carter.

Anyway, Roosevelt does not have to fight off a renomination for another year at least.

Now it is Andrew Carnegie who is to be dramatized. Let no innocent millionaire escape.

Some men are born famous, and some men make a winning hit in a close baseball contest.

In a nutshell, what ails Russia is that the grand dukes do not care to give up their easy jobs.

The gentleman who wants to get in jail so bad might find Harry Thaw willing to change places.

The price of starch has been boosted but the linen collar from the laundry still comes up to the scratch.

The New Mexico statehood question has been shaken out of the limelight by a series of earthquake shocks.

When Mrs. Leslie Carter is hard up for more advertising she may back out of the matrimonial harness again.

Doubtless it does not escape Uncle Joe Cannon's notice that much of the enthusiastic approval of his candidacy comes from Democrats.

Several perfectly simple ways of getting back into the penitentiary have been suggested to Gourdain, but none but a spectacular way need apply.

THE STARTING POINT.

We would like to whisper into the ear of every young man to shun the gambling room.

Shall we sketch the history of the gambler? Lured by bad company he finds his way into a place where honest men ought never to go. He sits down to his first game, but only for pastime and the desire of being thought sociable. The players deal out the cards. They unconsciously play into Satan's hands who takes all the tricks and both the players' soul for trumps—he being a sharper at the game. A slight stake is put up just to add interest to the play. Game after game is played. Larger stakes and still larger. They begin to move nervously on their chairs. Their brows lower and eyes flash until now they who win and they who lose, fired alike with passion, sit with set jaws and compressed lips and clinched fists and eyes like fire balls that seem starting from their sockets, to see the final turn before it comes; if losing, pale with envy and tremulous with unutterable oaths cast back red hot upon the heart, or winning, with hysteric laugh.

While gambling in itself is bad enough it is the stepping stone to all other vices and evils which inflict mankind. Young man shun the gambling table as you would a poisonous serpent.

It is a false economy to make children earn their bread too soon. While at school, the history, geography, grammar, physiology and natural philosophy they learn, constitute the knowledge that will be their capital when they enter on the business of life.

The female fly lays about 130 eggs and these eggs hatch in about one-third of a day. The larval stage is three days, the pupa stage five days, and the fly rounds to the full adult fly in about ten days. There may be twelve broods in a summer.

The National Republican Congressional Committee has decided to ask for contributions of $1 to the campaign fund. This is a bold and underhand way of making people believe the money power is against them.

The separation of H. H. Rogers from a million and a half ought to have been good for some frenzied remarks by Tom Lawson, but he seems to have become strangely quiet of late.

The Virginia Supreme Court of Appeals will shortly meet in extra session to dispose of the case of Insurance Commissioner "Button," who seems to have gotten himself into a "hole."

It is to be hoped that Speaker Cannon will go around patting himself on the back and claiming all the credit, if Maine, where he is to make political speeches, happens to go Republican.

Nicholas proclaims that "reinforced security" in St. Petersburg will be replaced by "extraordinary security." This must mean that nobody's life will be safe in that town now.

That part of the new Republican campaign book which deals with the party's record in the matter of tariff revision is likely to have the merit of brevity, anyway.

Getting secret divorces in Chicago seems to be about as easy as contracting marriages on the quiet at St. Joe.

The scheming mamma is the one who usually makes the engagement ring.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Evidently our population is not growing fast enough. Following upon Kansas's earnest appeal for harvest hands comes a frenzied Iowa demand for more schoolma'ams.

Because they applaud the Dreyfus verdict, the French are again being called fickle. The kind of fickleness that leads to the righting of a great wrong is not so bad.

Over 3,500 Japanese students have been given free trips to Korea. Possibly this is to permit them to look at an Emperor on whom they have a chattel mortgage.

When Paul Morton sees the railroads getting soaked $40,000 apiece for rebating he probably notices that things were different when he was in the railroad business.

Maybe Justice Brewer will change his mind about the "power of the government" after it has had a brush with the Standard Oil Company.

The Washington Post originated the idea that possibly Harry Thaw was suffering from "emotional insanity" when he married the girl.

It is said that officers in the French army have decided to accept Dreyfus. That is, they have concluded to accept the inevitable.

Before proceeding to put down the liberal movement with his army the Czar might do well to consult the army about it.

Cleveland, O., Aug. 3.—In the dis ches handled by the Associated ss on July 25 in describing the con versy now proceeding over the eet railway situation in this city statement was made that the rail y line of the Cleveland Electric ilway company on Fulton street s torn up by men acting under the ers of Mayor Tom L. Johnson d that this action was owing to pending controversy in behalf of Forest City railway, a 3-cent fare and which under certain condi ns can come under the ownership control of the municipality

In addition to relating the facts as the tearing up of the rails of the veland Electric Railway company additional statement was made at Mayor Johnson "was credited th being largely interested in the unicipal traction company." This tement was unwarranted, is believ to be entirely untrue if in its read g it tended to create the impression at Mayor Johnson had any financial terest whatever in the Forest City mpany, and is contrary to every ublic statement made by that official, e having specifically anticipated by ublic announcement any such possi ility. That he has been interested the success of the company, as an ltimate municipal ownership proposi on, but primarily to secure a lower are he has openly proclaimed.

The Associated Press therefore de ires to disclaim any knowledge or notive other than this public inter st and to disavow any other sug estion in making the statement tele graphed.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. Ballard Snow Liniment Co.

ST. LOUIS, - MO.

Sold and Recommended by W. R. JOHNSON, Gainesville.

MRS. VIOLA MARSHALL.

MRS. MARSHALL SUFFERED WITH SYSTEMIC CATARRH. PE-RU-NA SAVED HER.

Mrs. Viola Marshall, 1117 East Jackson street, Springfield, Ill., writes:

"Two months ago when I sought your advice, and you told me that I was suffering from systemic catarrh, I had gotten so bad that I could not bear the jolt of walking and had to lie down most of the time.

"I began taking your Peruna and now I feel like a new woman.

"I can walk just as far as I please without feeling any fatigue and I have taken only three bottles of Peruna.

"I shall never cease praising Peruna, nor thanking Dr. Hartman for his kind advice."

Systemic catarrh claims many victims because this disease is not always understood, and therefore not correctly treated.

What is needed is an internal catarrh remedy which exerts a healing effect on the mucous membranes of the entire body.

Such a remedy is Peruna. The sincere letters of those who have experienced its benefits in such cases are evidence of its medicinal value.

Farmer Killed in Runaway.

Sparta, Ga., Aug. 3.—George Smith a prosperous farmer living 3 miles east of Sparta, was driving home when his mules became frightened and ran away. Calling to his young son, who was in the wagon, to jump out, Mr. Smith held on, thinking he could control the team, but he was thrown out and instantly killed. The son was unhurt. A wife and seven children survive.

Don't Grumble.

When your joints ache and you suffer from rheumatism. Buy a bottle of Ballard's Snow Liniment and get instant relief. A positive cure for rheumatism, burns, cuts, contracted muscles, sore chest, etc. Mr. I. T. Bogy, a prominent merchant at Willow Point, Texas, says that he finds Ballard's Snow Liniment the best all-round liniment he ever used. Sold by W. M. Johnson.

Taft Will Assist In Campaign.

Washington, Aug. 3.—Secretary Taft will assist in the Maine campaign by delivering at least one speech in Representative Littlefield's district early in October. The avowed purpose of organized labor to defeat Mr. Littlefield because of his attitude toward measures which the American Federation of Labor supported is focussing attention upon Maine.

How to Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

SLAIN ON HONEYMOON START.

Bridegroom of an Hour Killed at Bessemer City, N. C.

Charlotte, Aug. 3—A telephone message from Bessemer City states that W. M. Brown, bridegroom of an hour, was shot and killed by John M. Kincaid at the depot there Wednesday morning.

Brown was married at 8 o'clock to Miss Bettie Perry, a Bessemer City girl. They were escorted to the depot by a number of friends and intended going to Danville where the honeymoon was to have been spent. As soon as the bridal party arrived at the depot Kincaid, who was there, called Brown aside and walked with him to a nearby room. A moment later five pistol shots rang out. A number of people rushed to the room and found Brown dead with Kincaid standing by, holding a smoking pistol. Death was instantaneous.

Kincaid immediately gave himself up to the authorities.

It is said that Brown was to have married Kincaid's sister whom it is alleged, he betrayed some months ago. Both men worked in the cotton mills there.

Kincaid has a wife and three children. His father is a farmer and lives near Bessemer City.

Brown's people live at Cowpens, S. C.

Why Fret and Worry

When your child has a severe cold? You need not fear pneumonia or other pulmonary diseases. Keep supplied with Ballard's Horehound Syrup—a positive cure for colds, coughs, whooping cough and bronchitis. Mrs. Hall, of Sioux Falls, S. TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ, and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths, and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date livery.

Bus will meet all trains.

In addition to The Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

TELEGRAPHIC NEWS.

TWO CHILDREN BITTEN BY DOG

Were Brought to Atlanta From Jacksonville, Fla.

Atlanta, Aug. 3.—Two little children of Mr. and Mrs. John Miller, of Jacksonville, Fla., have arrived in the city in company with their mother, who placed them in the Pasteur Institute to undergo treatment for dog bite.

Mr. Miller, the father, a month ago bought a little dog as a pet for his children, and on last Sunday the canine acted in a suspicious manner and bit the youngest child, 14 months of age, on the hand, and afterwards made an attack on the 4-year-old son.

The dog died with an unquestionable case of rabies shortly after his vicious attacks, and although the wounds are not as serious as the ones inflicted upon little Lacey Dees, also of Jacksonville, who died at the Institute two weeks ago, yet it is the opinion that only immediate treatment in the case of the Miller children will save them from hydrophobia.

REPUBLICANS ARE RESPONDING

Campaign Fund of $1 Contributions Is Growing.

New York, Aug. 3.—Congressman Sherman, who is chairman of the Republican congressional committee came down from Utica and formally got to work on the voluminous mail which had accumulated since he appealed through the newspapers to every Republican voter to contribute $1 to the campaign fund. Mr. Sherman said that the result of the appeal was extremely gratifying.

"I do not want to go into exact details," he remarked, "but I can say that the replies containing $1 have already reached up into four figures. In one day's mail alone were received more than 200 replies, so we have every reason to be satisfied with the results of this new departure in soliciting campaign contributions. Some of the contributions were from Kansas, Kentucky, Wisconsin, Virginia, Missouri and from every one of the eastern states and New England."

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.

$25,000 Fire Loss.

Cincinnati, Aug. 3.—A special from Mount Vernon, O., says that the entire business section of the town of Hard, 10 miles east of here, was wiped out by fire early Thursday. The loss exceeds $25,000. The destruction was so complete that supplies of food had to be sent from this city for the relief of the people.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed *free* to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it *in a class all by itself*, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowles and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

Blood From a Stone.

The open terrace in front of the Dewan-i Khas consists of two thrones, the black one of which, facing the river, was cut out of a single slab of stone in 1603. This black throne, which is about eleven feet long and supported by octagonal pedestals, was built by Akbar in recognition of his son's title to the empire. Here Jehangir used to sit occasionally and see the fight of wild animals arranged for his amusement. The crack on the throne is believed to have been caused by Lord Lake's bullet falling upon it during the attack of 1803. According to tradition, however, it cracked when the Jat king of Bharatpur sat on the throne, for it was meant to be used by none but the real descendants of the great mogul. Then, again, when Lord Ellenborough sat on it during the Kabul war in 1842 blood is supposed to have come out of it.—East Indian World.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Satisfying Honor in India.

They had a peculiar way of going into bankruptcy among the Marawaris in India, now unhappily giving way to the less picturesque method of the white man. When a man could not pay his bills he would summon his creditors. They were ushered into a room in which the thakur, or household god, was enshrined, but covered up with a cloth and with the face turned to the wall in order that it might not witness the scene that was to follow. The insolvent would then, in garb of mourning, lie on the floor, presenting his back to his creditors, who, on a given signal, would fall on him with shoes and slippers and belabor him till their wrath was exhausted. The beating finished, honor was declared to be satisfied all around.

An Old Clock.

The great clock at Rouen has been measuring time and striking the hours and quarters for over 500 years and, it is said, has been running all this time without interruption.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

POINTED PARAGRAPHS.

Ignorance may not be bliss, but it is often contentment.

Everybody has trouble of some kind. What is the nature of yours?

The average wish is about as valuable as the check of a bankrupt.

People are confronted every day with little problems and do not know what to do with them.

Some men's idea of perseverance is to see how long they can cherish ill feeling for some real or fancied grievance.

No matter how busy a man is he thinks he isn't wasting time if he takes an hour to prove he was right in a most trifling question.

After you have worked hard and saved your money it makes you mad to be approached by a man who has spent his and be invited to go into a scheme that is solely for his benefit.—Atchison Globe.

THE SUN JOB OFFICE,

THE CIRCUS.

Is the Father of Contemporary American Drama.

No problem is more fascinating to the student of Elizabethan drama than the attempt to trace its splendid achievement to its earliest sources. The quest leads one back to primitive folk plays, to secular improvisations and mediaeval renderings of sacred story, and all study of perfected types shows clearly here and there the determinate influence of these first attempts.

It is odd that no one has undertaken a similar investigation of our American drama, a species of art so distinctive from drama proper that we are not only justified in seeking, but compelled to seek a partially different origin. The material drawn from American life, developed by American talent and appealing to American audiences has peculiar characteristics pointing irresistibly in conception, development and execution to our first artistic achievement, the American circus, and inquiry as to origins takes us back to our own—all I say mediaeval?—days, when P. T. Barnum was perfecting the entertainment that was to burst upon the eyes of an astonished world.

Though we can hardly be said to have evolved new species, we have given such marked coloring to existing types of comedy that we may fairly claim the credit of creating new varieties. The local color play, the society play, the melodrama, the comic opera, flourish as strictly national productions upon our soil, differentia being perhaps more firmly established in the case of the first two than of the others. In all, motif, plot, characterization, setting, show unmistakably the influence of the great prototype already suggested.

Circles and circles of unrelated action, swift galloping from one to another lest the audience should have time to think, the ruling out of cause and effect in order that something, no matter what, may happen every minute—do not our plots betray their origin in the planning of a circus day? I venture to affirm that in no other country can legs wriggle so swiftly, can the swinging and leaping of the trapeze performer go so alertly and firmly on. I would pit our contortionists and our hoop jumpers against those of all other lands. With equal firmness I assert that in no other drama does action follow so swiftly, so unconnectedly, as in our own.—Scribner's.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Refined and Subtle Sneers.

"I can never understand," says G. K. Chesterton, "why it is that in poems and romances the poor are made to writhe at the refined and subtle sneers of the rich. As far as I can see from the daily life of our streets, it is the poor who do the refined and subtle sneering and the rich who writhe all over the pavement." Any one who has studied the conditions of our great cities will see the truth of this. Every day we see paper boys running, gutter boys moving with an undignified swiftness and unemployables "humping themselves," if we may be permitted the use of the expression, in pursuit of cabs. And what do the rich do? They affect not to notice and pass by with well bred calm. What happens, however, if the ordinary well groomed man about town moves at more than a walk? Hoots of derision from the lower orders instantly assail him. A poor man may go about bareheaded. What happens if a rich man does the same? The refined and subtle sneers of the poor make him wish that he had never been born. What we of the old aristocracy want is either police protection from these gibes or a handy book of repartee so that we shall never be taken without our answer.—London Globe.

Keeping constantly at it is the key to successful advertising.

You cannot spurt much and win. A business career that goes by fits and starts will not pay so well in the long run as a business that follows a course mapped out for it and keeps increasing its advertising as the business demands it until the maximum is reached. There is a maximum for a small business beyond which it is not economy or policy to go.—Brookline Chronicle.

THE S. J. THOMAS CO.

Mrs. Joseph Sylvester of Hague was shopping in the city yesterday.

Our cut-prices on crockery will close on August 10th. Come early for bargains. Saunders & Earle.

W. T. Chesnut of Arredondo is in the city. Mr. Chesnut owns a grocery store at Arredondo, and enjoys a fine trade. He is regarded as one of the most successful merchants in the county.

Ira Simonton, formerly of Micanopy but now residing in Alabama, was in the city for a few hours yesterday. He was en route to his old home, where he will remain for a few days with relatives. His friends here were glad to welcome him again.

Chas. C. Weaver has returned from Palatka, where he went a couple of days ago to accompany his mother, who was en route to Little River, on the East Coast. Mr. Weaver has been figuring on buying and establishing a laundry in Palatka, but it is not certain whether he will establish a branch there.

READ THIS.

STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 626, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

A trial will show you why Blue Ribbon Lemon and Vanilla extracts have so many friends. Ask for Blue Ribbon Vanilla and say it plain.

W. G. and Geo. K. Robinson left yesterday for Narragansett Pier, R. I., where they expect to spend the next month with relatives and friends.

Hon. H. F. Dutton has returned from Townshend, Vt., where he has been on a brief but very pleasant visit to his wife, who is spending the summer there.

Reuben Ford, one of the oldest citizens of the county, was in the city form Melrose yesterday. Mr. Ford is a veteran of the Civil war and is quite popular among his acquaintances.

W. L. Hill is spending a few days in Micanopy, where he is engaged in assisting Cashier Watkins of the new bank in "opening up." Mr. Hill is regarded as one of the most competent bookkeepers and accountants in the State, and his services are in demand upon every occasion that he is willing to serve.

Dr. H. L. Montgomery of Micanopy was among the visitors to this city yesterday. Dr. Montgomery, who is one of the officers of the Micanopy Banking Company, states that the bank is now opened, and that the prospects are good for a fine and profitable business. The company is backed by a strong financial force, and the depositors and patrons are assured that their interests will be properly protected.

S. R. Houston has returned from Eufaula, Clayton and other points in Alabama, where he has been on a brief vacation. He has resumed his duties as pharmaceutical clerk at the drug store of W. M. Johnson. V. V. Cougler of Brooksville, who came to relieve Mr. Houston during his absence, expects to make his departure in a day or two for Jacksonville. He is a clever young man, and made many friends during his stay here who will regret to see him leave.

Carter H. Dame, State organizer of the Woodmen of the World, left yesterday for his home in Ocala, after a few days spent here securing new members for the order. Mr. Dame has been remarkably successful, having succeeded in having about forty added to the local camp. At the meeting Thursday night forty-three took the obligation and became Woodmen. The order, which is one of the best fraternal insurance organizations in the country, is becoming quite strong here.

Owen Turnipseed of McIntosh was among the business visitors to this city yesterday. Mr. Turnipseed should be called Judge, for he is the justice of the peace for the McIntosh district, in Marion county, and has proved very effective and fair. He is quite popular among the registered voters of his district.

B. M. Heckard, business manager of The Alachua Post, is in the city. The Post has just begun its work in Alachua, the first issue being on Wednesday, August 1st. Mr. Heckard believes that the venture will be a paying one, and it should be, as the Alachua field is full of patrons who have the money and the willingness.

Mr. and Mrs. D. E. Godwin of Fairbanks are rejoicing over the advent of a fine boy at their home, which came on Tuesday. The young man is possessed of a vigorous voice, which it is said can be heard by all the neighbors. Friends extend congratulations, with the hope that the young man may grow up to be as fine as his "dad."

E. H. Waters, owner and manager of the Alachua Pool Room, who moved Thursday to the Brown House, has properly erected all his tables, and is now ready for business. The resort will naturally prove a popular one, since it is located in the same block with the leading hotel of the city, and the transcients will find the opportunity easy to pass the idle time.

Mr. and Mrs. J. Stuart Lewis and their clever little daughters, Sallie and Elizabeth, passed through the city yesterday en route to Irvine, where they will remain for several days as guests of Mr. Lewis' mother, Mrs. M. C. Lewis. They have many friends here, and during their short stay between trains were royally entertained. Mr. Lewis is a railway postal clerk, and is employed between Jacksonville and Cedar Key.

N. W. Malphurs, the contractor, has returned from points in South Florida. It is understood that Mr. Malphurs is desirous of moving to South Florida, and is looking for government land with a view to making a homestead. There are thousands of acres of public lands in South Florida not yet taken up by the homestead act, and it is likely that Mr. Malphurs will enter one of these tracts, which comprises 160 acres. He is a practical farmer, and will no doubt do well by the transaction.
